Saint Francis students first encounter with Brother Robert impresses them that he is "the Brother who runs the book store", but they soon learn that he also teaches math and economics, takes pride in the appearance of the campus and supports all Lancer clubs, teams, and activities. Because of his interest in school and student welfare WE DEDICATE the 1967 Poverello to Brother Robert Carberry.

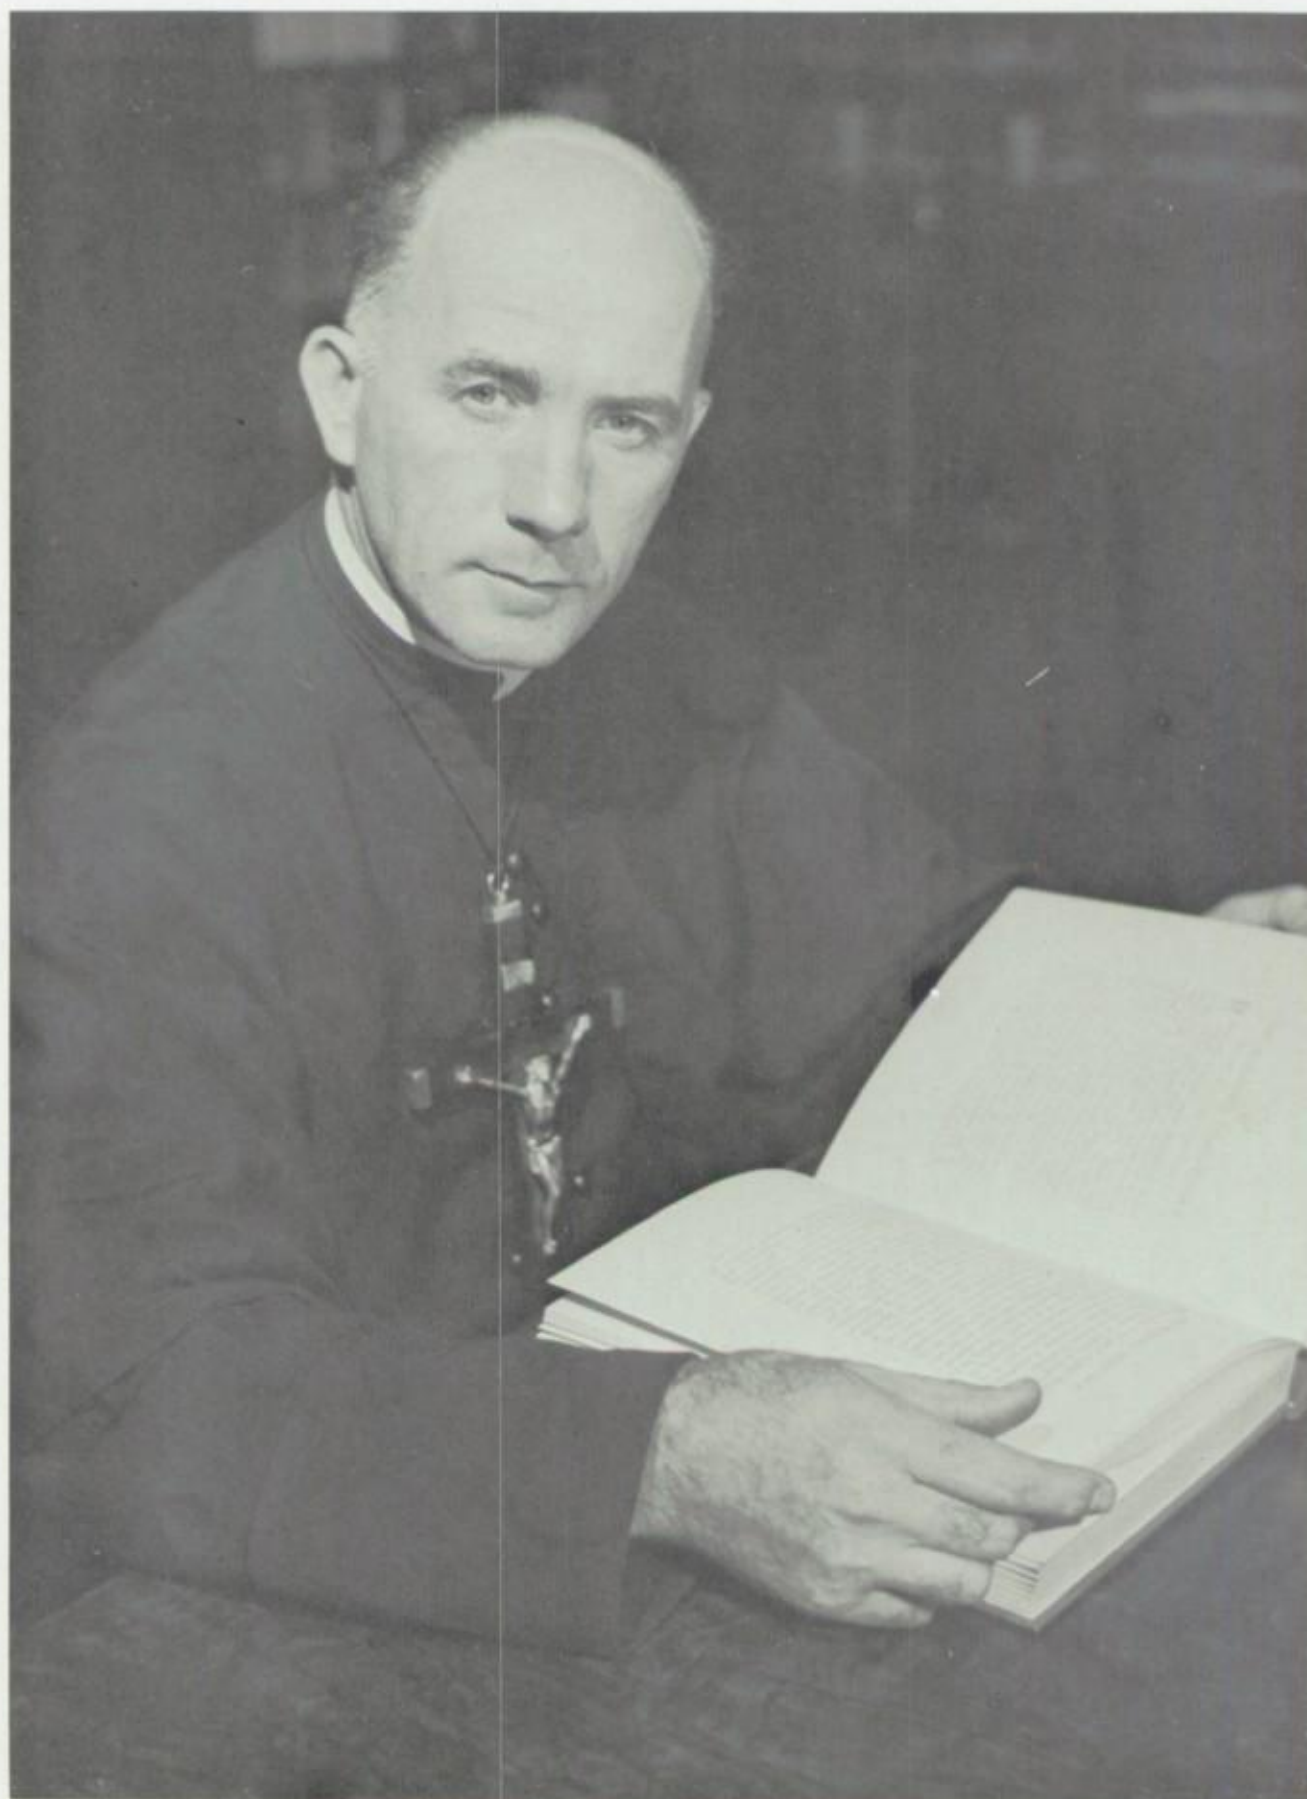

Always there when you need him, best describes Brother Robert, the cornerstone of the school.

Ray Loughlin

Dedication

IN MEMORY OF

Rev. Robert J. Waide, C.S.C.

June 16, 1905

April 11, 1966

Eternal rest grant unto him, O lord.
And let perpetual light shine upon him.

Principal Plays Dual Role

During your high school years, you, the students have been exploring the unknown in an effort to find yourselves, to make the best possible use of your individual talents and abilities, to become the persons God intended you to be.

Saint Francis High School, in a sense, has been an academic laboratory in which you have explored and have appraised your abilities in order to discover this person who lies within you. You dare not be timid or afraid. You must be willing to take logical and reasonable risks, willing to make necessary sacrifices to attain the goals you have set for yourselves. You must expect successes and failures---moments of pleasure and times of sacrifice and suffering. As President Franklin Roosevelt once said, "All we have to fear is fear itself!" The fear that makes us hesitate to step from security into the unknown. Yet, step we must!

You must be adventurous---willing to seek new fields to conquer, to strive for new heights of achievement. Above one of the capitol buildings in Sacramento are the words, "Give me men to match my mountains." Today, our country and our church need men strong in courage, strong in determination, strong in ideals! Tomorrow's leaders---who are not afraid; who are mature, responsible and strong in purpose---must come from your ranks. You must be ready to accept this responsibility!

This, then, is our challenge to you upon your graduation-to become the men you have the power to be.

This year Saint Francis has been privileged to have in attendance a student from Rosario, Argentina, Guillermo Martinez, or just plain "Archie" as his Junior classmates have dubbed him. He came to the U.S. last August, courtesy of the National Catholic Welfare Conference student exchange program. In Rosario he became interested in the program because of the "great opportunity to learn how people in the United States live and think." After a series of tests and interviews Guillermo was selected to come to Saint Francis. He is currently living with Mr. and Mrs. Milne of Cupertino. Archie's curriculum includes English III and IV, History, Civics, Religion, and his favorite course Speech. Despite his demanding schedule, he has managed to organize Saint Francis' first soccer team and is the representative from home room 102.

He is an enthusiastic athlete, a fan of the San Francisco Giants (especially Willie Mays), and has managed to keep his grades close to the 3.0 level.

Upon returning to Argentina he plans to enter the Air Force Academy. He could be Argentina's first astronaut. When asked what he misses most in his homeland, Archie shyly replied, "My girl friend." South Americans are not really so different from us.

Latin American Lancers

Coming to Saint Francis from South of the Border are Maurice Prunera from San Miguel, El Salvador; Octavio Vides from Santa Anna, El Salvador; and Huberto Ramon from Mexico City.

These students came for a two months stay during their summer vacation to observe first hand life in the northern half of the hemisphere.

The three visitors were hosted by Lancer students and their families. Maurice, at the home of Mike Guarino; Octavio, at the home of Brian Mom; and Humberto, at the home of Pete Madison. The Saint Francis host students will travel to the homes of their visitors during the U.S. summer vacation.

Every Wednesday morning Saint Francis students are asked to dig the pennies out of their pockets and to deposit them in an unmarked bag. The rounds to the homerooms are made, and the money is spirited away to some dark room to be counted. Thus Brother Salvator's Mission Club rolls on.

Students are the sole supporters of the Holy Cross Brother's foreign missions. Each year, this organization manages to collect their quota for this worthy cause. Brother Salvator, the Mission Club, and the student body are to be congratulated for their fine work.

This year's Lancer Football team, although unsuccessful in the win column, tried to live up to the tradition of past Lancer teams. The worst season in Saint Francis history was not the product of a lack of desire, but a culmination of mental and physical mistakes. The team played the toughest schedule in the history of the school; and even though there were many outstanding individual performances, they were produced at the wrong time.

The team appreciates the fine spirit shown by the student body at every game, no matter what the score, and would like to thank them for their fine job.

There is no one who could possibly feel worse than the football team itself; but the season is now behind us. It is now up to the underclassmen to rebuild the Lancer tradition in the year to come.

A hearty welcome for the Hawaiians.

Kaimuki coach briefs his captains on game strategy.

This year Saint Francis was chosen to represent the mainland by hosting the Kaimuki Bulldogs of Hawaii. This was the first time that a Hawaiian team has competed on the mainland.

Kaimuki High opened in Honolulu, Hawaii in 1943 with three buildings and has added five wings since. The school colors are green and gold.

While the Bulldogs were here on their brief but significant visit they brought gifts representing many of their cultures and the friendship between the two teams grew even stronger as a result of the game.

Impressive wins by the Saint Francis Junior Varsity football team against Saratoga, Vallejo, and Newark opened the 1966 season for the Lancer gridman.

Although meeting their first defeat at the hands of Bellarmine in the opening game of the C.A.L. schedule, the J.V.'s countered with a 19-0 win over Riordan, whose quarterback was stunned with a total of 99 yards lost in passing attempts.

Against Mitty, the Lancers came up on the wrong end of the score for the second and final time with a 19-6 tally. Serra was the J.V.'s next victim, followed by a victory over Saint Mary's in a close ball game. Peterson was the seventh victim of the Lancer's wrath which drove them to a successful 7 win 2 loss season record.

Super-soph Fabian was honored by the Santa Clara Valley Sportswriters and Broadcasters for his 23 point performance against Bishop O'Dowd. He became the first sophomore in the history of the Valley to receive this award. St. Francis salutes Coach Reno DiBono for a job well done.

Forcing defending champion Riordan High School to share first place in the Catholic Athletic League with Saint Francis for the 1966 season the Lancer cross-country team racked up a season record of 68 wins.

Outstanding varsity performances included Berne Lahde's second place at the first meet held at Vasona this year; Kent Rezowalli's time of 9:51 in the two mile is the second best time run by a Saint Francis student, and Bob Cassidy's second best time by a Lancer in the Foothill Postal Meet at 10:44.

Steve Haley was one of the best junior varsity runners in Saint Francis history; Steve Halus and Ralph Bruce made hard work pay off as the season drew to a close by posting their best times.

The frosh-soph team placed second in the C.A.L. finals with a squad composed of Chuck Frosolone, Bob Cassidy, Paul Rapp, Bob McCarty, Ron Bakke, Charlie Norden, Kevin Burns, John Cavanaugh, Bob Reclite, Dick Primont, and Bob Balmano.

Coached by Tom Tuite and Forrest Jamison, the team owed their success to constant daily training, team spirit, and maximum use of potential talent.

Soccer Comes to St. Francis

Argentine-born Guillermo Martinez is largely responsible for the newest addition to the expanding Saint Francis after-school sports program.

The soccer team, organized and coached by "Archie," a name preferred by Martinez, remarks "Since this is the first year, it is not probable that the Lancers will be represented in inter-scholastic soccer competition, but a decisive 2 to 1 victory over Coach Aguiar's challengers was a convincing display of the type of action we can expect in the future."

Special thanks are in order to Mr. Bill White, Stanford coach, for his interest in the team and his assistance in special practices.
